

December 11, 1969

Dear Harold,

I was just sorting out some clippings last night and put these three together, which created an interesting picture. Looks like they tried to use the same old Bay of Pigs script. Thought it'd interest you.

Thank you g again for all the things you gave us when we were there. In large part thanks to you our little abode is finally beginning to look livable and lived-in.

Say hello to Lil for both of us.

Russ
